UIC Study Abroad

Dear [NAME],

Thank you for registering your upcoming university travel in UIC's International Travel Safety portal. The information you submitted has been reviewed and your travel enrollment has been accepted.

At your convenience, please access your application via the link below to complete additional information, including providing UIC with contact details for how you can be reached while you are abroad.

[Go to application](#)

Additionally, you can edit your travel itinerary in case your plans change and/or you are traveling to more than one destination than what you originally recorded.

International Insurance Confirmation

As part of your enrollment in the International Travel Safety portal, you confirmed that you registered your trip on the insurance provider [Gallagher's website](#). You can log in to your Gallagher account to reference your insurance enrollment and policy information. You are now covered by the university-provided international insurance for your trip per the dates you submitted in the ITS portal and Gallagher's website. Travelers are responsible for verifying the accuracy of the itinerary. Report any corrections, changes, or cancellations to the Office of Global Engagement at ogs@uic.edu. You can PDF this email as proof of insurance coverage for UIC.

Thank you,

**Office of Global Engagement
